

at each monthly meeting and each member drops their dollar in, more if they wish. It is collected each month. Other members who live far away mail their checks to me, I add their donations to the monthly money order as well. The money order is then sent directly to the tribal treasury. They are all excited and feel closer and a bigger part of the tribe as a whole. We understand that the expenses in the upkeep and basic finances for the National Tribal Grounds is great. We must all pull together to help ensure that the tribe and the Talking Leaves stays strong, and functional financially. Many Wados to all those who already donate it is greatly appreciated!

I am calling out to the Chiefs and members of the SeCCI to please join me in doing all we can through various fundraisers and donations to keep our tribe strong.

Detailed financial information will be available at the annual meeting October 5th at the National Tribal Grounds in Ochlocknee, GA. The tribe continues to have declining donations and membership revenues. Without donations the tribe will not be able to keep up with the expenses of having the National Tribal Grounds.

It is valuable to have our members donate and come to the Tribal Grounds to continue with the goals of our Tribe. Please send any amount that you can. Every dollar does help. Please send donations to SeCCI, P.O. Box 367, Ochlocknee, GA 31773.

All donations, concerns, questions or mail should also be sent to the address stated above. We also have our website at:
WWW.Secci.COM

You will find all the information needed to become a member, join a band or clan, meetings and much more.

"Wado" to all those members who have donated year after year to keep the tribe going.

**SPIRIT WOLF WATCHES
CLAN NEWS:**

One of the main focuses this year for the Spirit Wolf Watches Clan members is planning fundraisers to help not only the Clan treasury but for the Talking Leaves and the SeCCI tribal treasury. We had a bake sale previously which was a lot of fun not to mention delicious! We are currently planning a garage sale. Everyone is busy looking through their closets, garages, and attics to find items for the sale. We will have baked goods, native music and a craft table set up as well. Before we are finished it may turn into a mini festival! It is currently in the planning stages but our focus is to actively help support the tribe in every way we can.

We have put in place in my clan the \$1.00 per member per month plan. It was brought before the members, discussed and all was in agreement. We have a decorative jar on the table
